

The Band Factory

where musicians are made

The Band Factory is a constantly developing Community Music Centre in Old Town, Leamington Spa where anyone can enjoy music making. It is a not-for-profit enterprise supported and managed by volunteers from Royal Spa Brass and the base for a number of local musical organisations. As well as a large main hall suitable for rehearsals and recitals, it has practice rooms, office space, kitchen and a car park. The space and facilities are available for hire to local musical organisations at very reasonable rates.

If you need somewhere to rehearse regularly or you belong to a musical organisation that needs a new home please get in touch.

The growing list of organisations based in and operating from The Band Factory includes

- Hybrid Arts
- Sambassadors of Groove
- Leamington & District Organ & Keyboard Society
- Spaghetti Junction Big Band
- Kings of Kool

and of course

The Band Factory
