### Village Voices

The Village Voices Choir was founded in 1995 by 14 people under the direction of Irene Smith. The Choir's first public appearance was in Llangollen in 1995; since then it has performed and grown more or less steadily. The choir performs throughout Warwickshire and also in more distant venues. In addition to holding fundraising concerts to meet its own expenditure, the choir also raises money each year for a number of local charities by donating the proceeds of our concerts. The choir is always pleased to hear from potential concert organizers. We also take bookings to sing at Weddings.

We rehearse on Thursday evenings at Radford Road Church Hall, Radford Road, Leamington Spa. If you enjoy singing, why not join us? For further information please contact:

### Musical Director - Clare Langstone

Clare was invited to become Musical Director of Village Voices in the autumn of 2008. She has been organist and music leader within the Feldon Group of churches for many years now, and also formed Wappenbury Church Choir. She is particularly interested in helping anyone who wants to sing but says they can't!

### Accompanist - Shirley Johnson

Shirley has stepped in at short notice whilst our usual pianist, Barbara Peters, is recovering from illness. Shirley played for many years for the Windmill Singers and directs Spectrum, a small group of singers who entertain residents in various care homes.

### Cello Duo – Will Langstone and Ethan Gardner

This talented pair are both students at Warwick School and, although in different year groups, play well together. Last year they performed in Marrakesh, Morocco, and Will played with the CBSO Youth Orchestra, Ethan with the National Youth Orchestra.

### Royal Spa Brass Ensemble – director Neil Kelsall

<http://www.royalspabrass.com/>

The ensemble comprises a few of the more experienced players from the traditional Royal Spa Brass, who get together every other week to play some 10 part arrangements. "We are really just having a bit of fun, and are really grateful for Village Voices giving us an opportunity to play out".
